Dear Mr. Walton and Committee,

We were absolutely overwhelmed with your generous donation for our Breakfast Program. So many of our children come to school each and every morning and look forward to having a good healthy breakfast and sharing some time together before their school day begins. It is generosity, such as yours, that helps us provide them with a well balanced start to their day.

Thank you to you and your wonderful committee for your thinking of our children. It is kindness and generosity such as yours in this economic climate that strengthens our faith in our community.

Sincerely,

Christine Inverarity
